Call to Order

The meeting was called to order at 7:10pm

Nikki Robbins handed out the updated needs assessment spreadsheet and the group proceeded to go through all the projected square footages. The group agreed that Nikki should meet with Gary Griffith, who works for the Bozeman School District, to get projections for a school of 450-675 students.

Nikki agreed to write a summary of our projections. The group specified what would be included in this summary.

The group discussed the next phase of this committee's work – to take action on the information that we have gathered. The next meeting would begin the process of determining what step this committee would recommend to the school board.

The group agreed to meet again on Tuesday May 27, 2008 at 7pm.  
The meeting was adjourned at 8:30 pm
