

Below is a summary of your responses

Montana School District ARP ESSER Plans

Federal Requirement

The US Department of Education (USED) required the OPI to establish a process for district plans consistent with the ARP ESSER requirements for the use of ARP ESSER funds and ensure plans be made available to the public, within no later than 90 days after a district received its ARP ESSER allocation (August 24, 2021). The requirements for the school district plans include, at a minimum, how districts will:

- 1. use funds to implement prevention and mitigation strategies;
- 2. use the funds totaling not less than 20% to address lost instructional time;
- 3. spend its remaining 80% of ARP ESSER funds;
- 4. respond to needs of student disproportionately affected by the pandemic; and
- 5. meaningfully engage with and consult stakeholders in crafting their plans.

 Each of these federally required components are embedded into this school district ARP ESSER plan.

In addition, the USED requires the OPI to support and monitor each school district's use of ARP ESSER funds, including:

- i. implementation of evidence-based interventions;
- ii. address the student groups specifically that were disproportionately impacted by the pandemic; and
- iii. identify, reengage, and support students who have experienced the impact of lost instructional time.

The plan will provide the information necessary for the OPI to support and monitor school districts as they move forward.

State Components

Throughout this school district ARP ESSER plan, the OPI has emphasized local control and coordination of state initiatives and requirements so that school districts can identify and innovate solutions for unique local needs and priorities. These components are embedded in the school district ARP ESSER plan. Additionally, the OPI will seek flexibility from the Board of Public Education to use the Goals section of this plan in place of the Continuous School Improvement Plan (CSIP).

This template will guide the development of the school district's (LEA's) ARP ESSER plan.

The template sections are as follows:

- 1. School District-Identified Priorities
- 2. Meaningful Consultation
- 3. Goals
- 4. Coordinating Funds
- 5. Creating Safe and Healthy Learning Environment
- 6. Addressing Lost Instructional Time
- 7. Supporting the Educator Workforce
- 8. Monitoring and Measuring Impact of ARP ESSER funds

Prior to beginning your school district ARP ESSER plan, consider the following:

- Has your district and/or individual schools within the district completed a Gap Analysis to assist in identifying the top needs due to Covid 19? If no, click on <u>Gap Analysis</u>.
- What kinds of data assisted you in identifying the gaps?
- What were the needs you identified in your subgroups?
- Did you meet with all stakeholders to get input on needs and possible solutions to formulate a plan for the funds? (Parents, Students, Teachers, Staff, Community Members, Tribal Members, School Board, etc...) If not, how will you make this happen prior to creating your plan?

Instructions for completing your school district ARP ESSER plan

- When you reach a stopping point, click Next to save your work. Return anytime before August 24 to finish your submission.
- When you're ready, click Submit at the end of the plan.
- After you click Submit, your responses will display in a PDF file. Download the PDF file.
- Upload the PDF file of your responses to your district's webpage.

Note: The option to edit is no longer available once the plan is submitted by clicking the Submit button. If you click Submit and then determine later that you need to make changes, contact OPITeams@mt.gov.

While completing your school district ARP ESSER plan, consider the following:

- What would you like to achieve before the funding ends in September of 2024?
- What goals will need to be established in order to get there?
- You may need to leave and come back to this form as you formulate your plan.
- You will still need to complete the eGrants application for ESSER III that is due

the budget amounts reported in eGrants.

Next Steps:

O District-level Administrator

Other (Please identify your role in the box

Principal

- The OPI will confirm your submission via the email you provide at the start of your plan.
- The OPI will reach out with questions and support as needed.
- Districts will need to set up their own monitoring which needs to be paired with implementation.
- Districts will be able to answer these same question every 6 months. The OPI created this temporary form as a means to meet the federal timelines; it will be put in a more permanent location where you can access and update your plan.
- The OPI will use this form to collect best practices to share with other districts.

Please choose your county and district from the dropdown.

1. School District-Identified Priorities
Please provide the top priorities the school district has determined as the most pressing need for students and schools within the school district as a result or in response to the COVID-19 pandemic. You may elect between 1-3 priorities by checking the box and providing the text response.
Priority 1
Safe and Healthy Face to Face Instruction
Priority 2
Effectively addressing any learning gap in any of our children
Priority 3
Providing effective Social/Emotional Learning and support for students and staff.
When you identified each of your district's priorities, what data points did you use? Please list any and all data sources, such as attendance, interim assessments, surveys, etc.
SBAC, Interim Assessments, Star assessment, Parent and Staff Surveys, attendance and behavior data
Please indicate which of the following student groups specifically referenced in ARP ESSER were more affected than others in your district. Choose all that apply.
Economically Disadvantaged (Free and Reduced Lunch)
White
Black or African American
American Indian or Alaska Native
☐ Multi-Racial
☐ Migrant

3. Goals

Goal Action Plan:

Please define your Math goal, English Language Arts (ELA) goal, and other goal, based on the priorities you identified.

Explain what instruments or methods will be used to monitor the progress of the goals and determine if the goals are met. Click the box and provide the text response for each applicable box.

Math Goal

To decrease the number of students in grades k-2 who are near or below normative grade level standard by 5%. Student growth and grade-level standard are measured at least once every six weeks using the Star Early Literacy and Waterford Math. Students below grade-level are monitored weekly with the same tools. To decrease the percent of students in grades 3-8 who were near or below standard on the SBAC Math assessment from 39% to 34%. Student progress is measured through Interim assessments, the Star Math assessment, and as a summative the SBAC assessment.

ELA Goal

To decrease the number of students in grades k-2 who are near or below normative grade level standard by 5%. Student growth and grade-level standard are measured at least once every six weeks using the Star Early Literacy and Waterford Reading. Students below grade-level are monitored weekly with the same tools. To decrease the percent of students in grades 3-8 who were near or below standard on the SBAC ELA assessment from 35% to 31%. Student progress is measured through Interim assessments, the Star Reading assessment, and as a summative the SBAC assessment.

Other Goal (For example, SEL, Mental Health, Graduation Rates, Recruitment/Retention, Professional Development, Community and Family Engagement, etc.)

To provide research-based SEL to all grade levels K-8 with specific mental health supports through our Counselor and through the Special Education Cooperative

Goal Action Plan, Part 2:

Identify what strategies/action steps will be used to support the achievement of the goals.

Describe a realistic and achievable timeline to achieve the goals

Describe a realistic and achievable timeline to achieve the goals.

dentify who is responsible to ensure the strategies/action steps are achieved. Click the box and provide the text response for each applicable box.

Math Goal Strategies, Actions, Timelines, and Assignments

All students have a scheduled 30 minutes intervention/acceleration time built into the daily schedule where targeted intervention/acceleration is provided by a highly qualified paraprofessional, teacher, or research-based computerized instruction. Students who are below grade level in math based on the Star Math/Early literacy or who perform near or below standard on the interim assessments will be provided intensive intervention during the daily "growing gators" time. The goal will be achieved by end of the school year, and the Superintendent is responsible to ensure the action steps are taken and the strategies are effective based on growth data.

ELA Goal Strategies, Actions, Timelines, and Assignments

Free and Reduced

Lunch

Homeless

All students have a scheduled 30 minutes intervention/acceleration time built into the daily schedule where targeted intervention/acceleration is provided by a highly qualified paraprofessional, teacher, or research-based computerized instruction. Students who are below grade level in math based on the Star Math/Early literacy or who perform near or below standard on the interim assessments will be provided intensive intervention during the daily "growing gators" time. The goal will be achieved by end of the school year, and the Superintendent is responsible to ensure the action steps are taken and the strategies are effective based on growth data.

Other Goal (For example, SEL, Mental Health, Graduation Rates, Recruitment/Retention, Professional Development, Community and Family Engagement, etc.) Strategies, Actions, Timelines, and Assignments

The Counselor provides research-based SEL lessons at least once monthly to every grade level and every student during a dedicated time built into the schedule. Additional counseling time is provided for those students who show a need either in a small group setting or individually. Anecdotal, Behavior and attendance data is used to determine need. The Superintendent is responsible to ensure the action steps are taken and the strategies are effective based on data.

For	which of the following student groups do you have a distinct Math goal? Choose all tha

6. A	Addressing Lost Instructional Time
Des	scribe how the school district will use ARP ESSER funds it reserves under Section 2001(e)

(1) of the ARP Act to address lost instruction time through the implementation of evidencebased interventions. The district must spend a minimum of 20% of ARP ESSER funds. The full implementation of the evidence-based interventions should be considered including personnel, materials, equipment, professional development, and expenses needed to meet the needs of students. Other evidenced-based practices may be utilized if the intervention meets one of the four tiers of evidence. Evidence-based practices may be found at OPI's Multi-Tiered Systems of Support page.

How do you plan to spend the required 20% set-aside to address lost instructional time? Choose all evidence-based practices that apply.

Extended learning
Extended learning

time
Tribal/community engagement
Wraparound academic/health/social services
SEL learning supports
Evidenced-based curriculum
Accelerating learning through instructional approaches: In-school acceleration- Certified educators provide support for students within the classroom and grade-level work, using high-quality instructional materials, instructional strategies, and formative assessments.
Accelerating learning through instructional approaches: Tutoring program-High-dosage tutoring provided consistently by well-trained tutors or educators at least 3 days per week for at least 30 minutes at a time in groups of five or fewer students.
Accelerating learning through instructional approaches:Out-of-school time programs- Identified students, needing additional support before, and after the regular school days, as well as on weekends, and during school breaks.
Accelerating learning through instructional approaches: Summer learning and enrichment: Summer learning programs, camps, community partnerships, work-based learning or community service that provide high-quality instructional and are designed to meet the social and emotional needs of student through engaging and enriching experiences.
Access to and effective use of technology
Engaging families in digital learning training and effectively using technology and platforms
Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction
Providing information and assistance to parents and families on how they can effectively support students
Tracking student attendance and improving student engagement provided by the school
Using data about students opportunity to learn indicators to help target resources and support
Professional Learning Communities
Access to advanced coursework, dual enrollment, work-place learning, and/or internships
Career, Technical, and Agricultural Education expenses (approved under Perkins Act)
Distance/Remote Learning: connectivity (hot spots, outfitting buildings/buses with WiFi, other wireless, internet service, etc.), devices (laptops, tablets, etc.), printing costs for learning packets, instructional resources/tools, hardware, software, subscriptions, licenses, assistive technology or adaptive equipment, online learning platforms/learning management systems, other distance/remote learning costs

Progress Monitoring Assessments

The OPI has created a way for the district respondents to return to this plan and edit it multiple times before submitting. You can return anytime before August 24 to finish your submission.

- When you're ready, click Submit at the end of the plan.
- After you click Submit, your responses will display in a PDF file. Download the PDF file.
- Upload the PDF file of your responses to your district's webpage.

Note: The option to edit is no longer available once the plan is submitted by clicking the Submit button. If you click Submit and then determine later that you need to make changes, contact OPITeams@mt.gov.

- This plan must be monitored continuously and updated every six months.
- The OPI will confirm your submission via the email you provide at the start of your plan.
- The OPI will reach out with questions and support as needed.

Thank you for your submission!
