### **DISCUSSION: Election Reflection**

The Board held a discussion regarding the failure of the May 4, 2021 Bond Election. Superintendent Theresa Keel noted that according to the poll records approximately 75% of the voters in the May election were aged 55 and older. In addition she noted that of the 95 parents/guardians registered to vote only 65% of those voted in the May election. During the discussion the Board reflected on feedback that has been received throughout the election process. The Board shared some of the concerns/feedback that they have received:

- It was noted that several community members have stated that they support the school, but did not support the bond election.
- Community was concerned about tax increases since this is a re-assessment year.
- Too much misinformation was shared in the community
- Some only support completing the deferred maintenance
- Strong feeling that the District should purchase property and build a new school
- Some did not want to pay for renovations of the 1915 building and felt it was not a good use of district resources
- \$7M was too much to ask
- \$7M was not enough and the district should have asked for more
- Crossharbor Capital should pay half (or match) of the bond cost since they can afford it and they are bringing growth to the community.
- Concept was not adequately addressing future growth
- Concerns over construction costs and the economy due to pandemic
- The concept created extra space when there is no new space needed at this time
- Many new community members who do not have a vested interest in school and who are on fixed incomes

The board will continue receiving feedback and will continue discussing a future bond initiative.

Public Comment: Lessa Racow, Ashley Davis, and Alison Ulrich

### **NEW BUSINESS**

#### Discuss & Consider Revisions to GGS Policy #1905- Student, Staff, and Community Health & Safety

On May 14, 2021 the Gallatin County Health Department rescinded the mandate for face coverings, therefore, the Board discussed the continuation of the face covering requirement for the remainder of the school year. Superintendent Keel noted that in order to rescind the requirement for students and staff the District would need to revise their emergency policies, particularly #1905. Superintendent Keel noted that shortly before the meeting MTSBA sent school districts guidance and implied that future covid relief funds may be tied to the continuation of face coverings within schools. Due to the timing of the correspondence Ms. Keel was unable to research and encouraged the Board to table a decision until more information could be obtained.

Public Comment: Jamie Hetherington, Lessa Racow, Misti Richardson, Ashley Davis, Alix Davis

# **Agenda Item: Canvass May 4, 2021 Election**

## **Recommended motion:**

Motion: To approve the results of the May 4, 2021 election as follows:

### Trustee Election:

Carissa Paulson	Elected by Acclamation
Aaron Schwieterman	Elected by Acclamation

### Bond Election:

For	291
Against	360

Number of ballots issued:	1331 (4 voided ballots)
Number of ballots cast:	668
Number of ballots accepted:	653
Number of ballots rejected:	15
Number of voters:	1460

## **What Does it Mean to Canvass the Vote?**

Canvassing means to review the tally sheets, poll books, or registers for any potential error, then to certify the results. Canvassing does not include opening sealed envelopes of tallied ballots and recounting them. Certificates of election are issued after the canvass is complete. The school trustees must canvass the vote at the first regular or special meeting after the election. Canvassed results must be published once in a newspaper that will give notice to the largest number of people of the district.

Provisional ballot issues must be resolved before the canvass may be completed. Electors have until 5pm the day following the election to provide information to verify their eligibility to cast a ballot in the election. If the information is sent via regular mail, the postmark must be no later than the day after the election. Provisional ballots not resolved by the end of election day may not be counted until after 3pm on the 6th day after the election. 20-20-415, 20-20-416, 13-15-107, 13-15-301, 13-15-402 and 13-15-403, MCA

## **What Are Certificates of Election and How Are They Issued?**

After the canvass, the board of trustees issue certificates of election. In the case of a levy or proposition, the certificate simply specifies the outcome of the election. In the case of trustees, the certificate of election is issued to the trustee. The trustee, within 15 days of receipt of the certificate of election, take the oath of office to be administered by the county superintendent, the superintendent's designee, or other approved official.

In the case of an Election by Acclamation, the trustees must still conduct a canvass (a formal acceptance of results) and issue certificates of election. Those certificates should be issued after the final meeting of the board of trustees. 20-3-307 and 20-20-416, MCA

Gallatin County Health Department mask mandate expires on May 27. Governor Gianforte signed House Bill 257 which would require any GCCHD mask and capacity limitations be approved by an elected body. Below is the response from GCCHD when asked about HB 257 and schools:

*"This has been a very common question. Thanks for asking.*

*The County Attorney shared this with us yesterday afternoon...*

***It's important to keep in mind that HB 257 only applies to private businesses. The limitations do not impact the mask rule requirements for public schools. Potential limitations on enforcement for public places also wouldn't apply to a school's ability to control their students.***

***You are correct that private schools and public schools can both adopt their own policies requiring masks, just like they would requiring appropriate clothing.***

***The mask mandate is still in effect for schools until 5/27 when it will expire."***

A survey was sent to parents regarding the removal of the mask mandate after May 27th — potentially removing the mandate for GGS beginning in June. **If** the mandate from GCCHD expires on the 27th, I request a special board meeting for the 28th, for a discussion and possible decision by the GGS Board.

The School District authorizes the administration to report any violations of this provision to the county attorney.

Allegations of harassment of any person wearing face coverings or those with recognized exemptions to the face covering requirement will be promptly investigated in accordance with District policy. A student, staff member, or visitor who, after an investigation, is found to engaged in behavior that violates District policy is subject to redirection or discipline. A District employee will greet children outside the school as they arrive to ensure orderly compliance with the provisions of this policy.

Designated School District staff are authorized to test the temperature of students with an approved non-contact or touchless temperature reader. Students who have a fever or are exhibiting other signs of illness must be isolated in a designated area until such time as parents or caregiver may arrive at the school to retrieve the ill student. All surfaces and areas should be thoroughly cleaned and disinfected once the student has vacated the area by staff utilizing safety measures in accordance with state and/or local health standards as applicable.

When administering a temperature check on a possibly ill student, designated staff members will utilize available physical barriers and personal protective equipment to eliminate or minimize exposures due to close contact to a child who has symptoms during screening.

## Mask Mandate

If the GCCHD allows the current mask mandate to expire, meaning that there would not be a county mask requirement, which of the following would be your suggestion for GGS mask requirements for the two weeks that would be left in school?

Answer Choices	Responses	
Continue to require masks/shields -- no change to the current school mask protocols.	17.28%	14
Remove the current mask/shields protocols -- students and staff may choose or not choose to wear a mask.	70.37%	57
Continue to require masks/shields in the classrooms due to a lack of social distancing, but not anywhere else in the school	6.17%	5

### Other suggestions

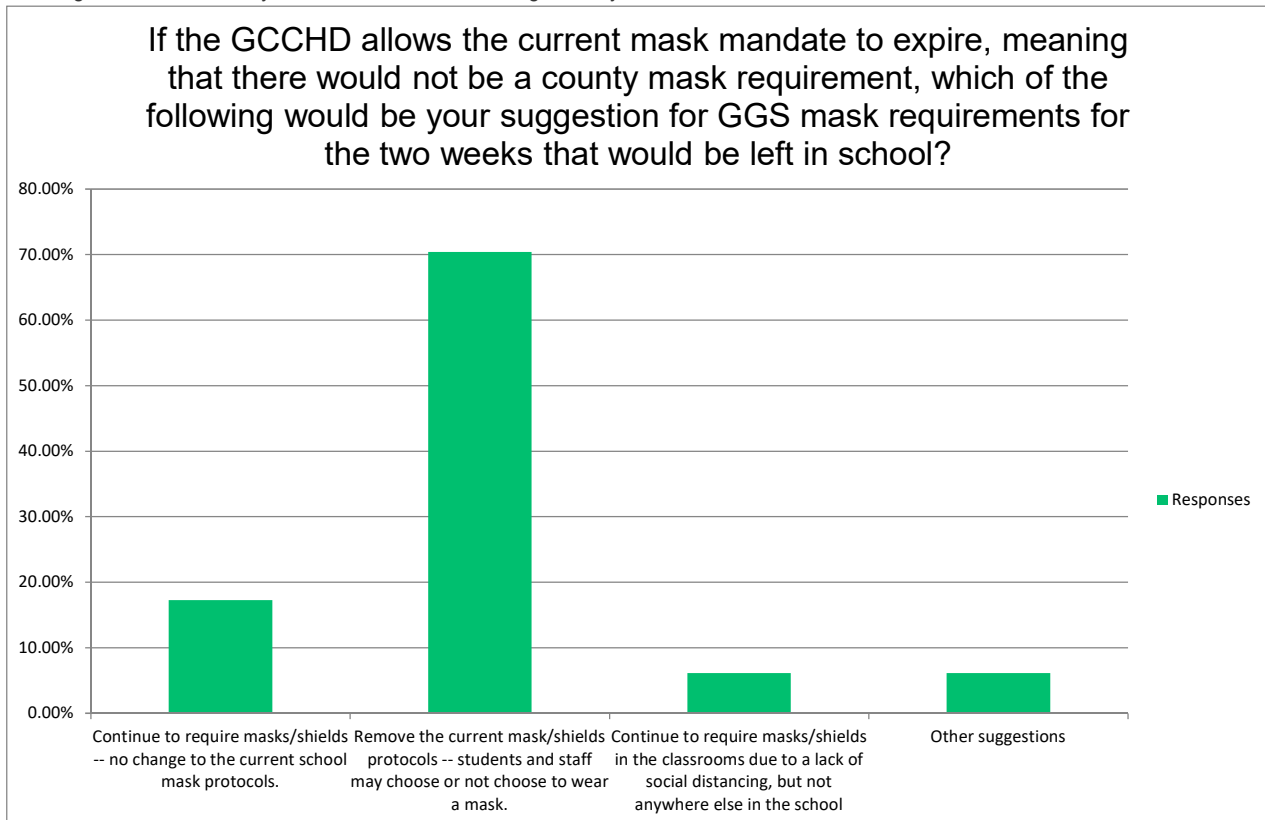

I don't have a strong opinion either way.

vaccinate all staff and no masks

The mask mandate is ridiculous. The GCCHD and the school have no authority to continue with the mandate.

My suggestion would be to follow health department recommendations.

No change for the rest of the year but revisit for the following school year

Mask Mandate

**If GGS removes the mask/shield requirement, and adults and students can choose or not choose to wear a mask, will this decision affect whether or not you send you student(s) to school for the last two weeks?**

Answer Choices	Responses	
I will continue to send my student(s) to school	87.65%	71
I will not send my student(s) to school for the last two weeks of school	6.17%	5

Other thoughts on sending or not sending your student(s) to school  
 Each individual should have the choice to wear a mask or not to wear a mask and if they want to go to school or not. Very simple.

This may affect our ability to return to school prior to vaccination next year. Percentage of vaccinated adults will also affect decision per our medical team.

I will send my kids without masks! Please...i beg that you give them this option! My kids are so sick of their faces being irritated! This would end a hard year on a high note!!! Please!!! Thank you! The

I think our school is doing so well right now the way we are handling things. I think we should continue and maybe give them the last day of school off because we'll mostly be outside?

Why would we change things for the last 2 weeks there is no difference in threat.

**Press Release**  
**Health Officer Face Coverings Order Rescinded**

Based on guidance from the Centers for Disease Control and Prevention issued yesterday, and on improving epidemiology of our COVID-19 outbreak in Gallatin County, Health Officer Matt Kelley is rescinding the local Health Officer order related to face coverings, effective today. This decision is based on a number of factors:

- [New CDC guidance](#) issued yesterday stated that people who are **fully vaccinated** (meaning two weeks past their final shot) no longer need to wear masks in many settings;
- The epidemiology in Gallatin County has improved significantly in recent weeks, including in areas consistently identified by the Board of Health as important to informing decision making. These factors include a reduction in cases, hospitalizations, and deaths; adequate capacity at the hospital to deal with those who need care; timely turnaround within our COVID-19 testing system; decreasing test positivity rates among those tested; and adequate capacity to conduct contact tracing for cases that are identified.
- We now have enough vaccine and enough resources to dispense the vaccine to a degree that everyone 16 and older in Gallatin County has had opportunity to get the vaccine if they want to.

“The Board of Health has always been clear about basing decisions on the best public health guidance available and our local epidemiology. Based on those factors, now is the time to move past requirements from the health department to allow organizations and individuals to make decisions based on the best CDC guidance available,” said Matt Kelley, Gallatin County Health Officer.

The local Health Officer order mirrors the Gallatin City-County Board of Health rule for face covering use in the county. While the Board of Health rule technically remains in place until its May 27 expiration, Kelley said that there will be no enforcement of that rule.

Kelley stressed that the new CDC guidance and the decision to rescind the health officer order do not mean that the pandemic is over, and does not give anyone the right to ignore policies and rules put in place by businesses and other organizations. Kelley also noted that the CDC continues to recommend mask use in certain settings, including schools, health care facilities, and congregate settings such as correctional facilities. Businesses and organizations still have the authority and right to make decisions on requiring masks. CDC continues to recommend [prevention measures](#) for unvaccinated people that includes wearing a mask and social distancing, Kelley said.

Kelley noted he would also be rescinding a health officer order regarding nursing homes and assisted living facilities on Friday. He said the health department will continue to work proactively with nursing homes, assisted living facilities and other senior-serving organizations to continue to follow all necessary infection prevention and control measures recommended by the CDC and other public health experts.

“This virus is still dangerous, especially for people who are not vaccinated,” Kelley said. “We recommend that all organizations continue to follow CDC guidance, and we urge all individuals to respect and follow those decisions. We will get back to normal if people keep getting vaccinated, and if we work together to limit transmission in higher risk settings.”

Kelley emphasized that the Board of Health has always worked to base its decisions on local epidemiology and the best guidance available from public health experts and the scientific community. He noted that the county’s rolling 7-day average of daily COVID-19 cases per 100,000 residents is now well below 25 cases per day and has been for nearly two weeks, an important threshold of community spread. Hospitalizations have also remain relatively low, and testing capacity is good, Kelley said.

“The new CDC guidance on masks really drives home how important it is to get vaccinated,” Kelley said. “It shows that the vaccine is remarkably effective and safe. We urge everyone 12 and older to get the vaccine to protect themselves and to protect their community.”

***We received the following message from the National School Boards Association (NSBA) this morning regarding the updated CDC guidance on mask use for those who are fully vaccinated and how this impacts schools.***

Update on CDC/U.S. Department of Education School Mask Guidance

May 14, 2021 11:06 AM

Chip Slaven

Good morning,

I am sure many of you are hearing from your members on the new information that came out yesterday from the Centers for Disease Control and Prevention (CDC) on the use of masks and face coverings for individuals who are fully vaccinated.

NSBA has been in touch this morning with the U.S. Department of Education (ED) on what this will mean for schools. Once the CDC provides updated guidance for schools, ED will update their guidance. Until that happens, the current CDC and ED guidance for schools remains in place. Below is some information ED provided that may be helpful to you and your members until new guidance is announced.

***What about my child who is <12 years old? A child under 12 years old who is not vaccinated will still need to take precautions, including wearing a well-fitted mask.***

***What about masks in schools? As of now, the CDC's school guidance remains unchanged. Most students will still be unvaccinated and schools should follow CDC's guidance for schools.***

***What about teachers? Teachers, school administrators, and staff should continue to follow CDC's school guidance until more people and children are vaccinated.***

As soon as we have additional information, NSBA will update the state associations. Please let me know if you have any other questions.

Thanks,  
Chip

  - Staff was asked to have all requisitions submitted through Black Mountain by May 14 in order for the Superintendent to review all requests
  - The District tries to purchase as much as possible with any budgeted funds remaining at the end of each year

### ***Other areas for consideration/discussion:***

Since the Board will not meet again until June 30, 2021, the District Clerk and Superintendent need guidance from the Board for end of the year budgetary priorities such as:

1. Multi-District agreement- is there a minimum amount the board would like to ensure is transferred?
  - a. Current balance: \$15,395.47
  - b. *Recommendation:* provide a minimum amount the Board would like transferred (i.e. \$5000), but also ensure the motion includes any remaining funds after all other priorities are met to “zero out” the general fund.
2. Compensated Absences Fund- does the board want to maintain maximum level?
  - a. Current balance: \$7,222.15
  - b. *Recommendation:* maintain the maximum level allowable by law.
3. General Fund reserves- does the board want to maintain maximum level?
  - a. Current reserves: 10%
  - b. *Recommendation:* maintain the maximum level allowable by law. (10%), this is important in the event the District holds another Bond election, as it will impact our bond rating
4. Purchasing needs and/or wants- how does the Board want the Superintendent to approach approval of requisitions? Would you like to ensure other priorities are met first (i.e. reserves, etc) or approve needs/wants
  - a. *Recommendation:* consider using Fund 115 and/or 129 (flexibility) when appropriate to purchase some of the needs/wants to help assist with ensuring reserves and compensated absences levels are maintained.
  - b. Balance of the Flexibility Fund: \$11,268.79

5. Facility and grounds maintenance projects- Does the Board want to do any facility projects this summer? If so, which fund(s) would the Board like to use to finance projects (i.e. General Fund, Building Reserve, or other?)
  - a. *Recommendation:* At this time, the board should determine if/when they would like to approach running another bond election. If the decision is not to run another bond during FY22, the recommendation is for the Board to utilize the PreBond Building Assessment conducted in June 2020 by Cushing Terrell to set priorities and utilize the Building Reserve fund to help finance some larger projects.
  - b. As with most summers there are some minor maintenance projects that need to be completed (irrigation system repairs, painting, playground maintenance, etc) but, the Board needs to determine how to finance maintenance projects (i.e. permissive building reserve levy, voted building reserve levy, general fund, adult ed, fund 115, flex fund (129), etc).
  - c. Remaining Building Reserve budget: \$136,920.38 (*as of March 31, 2021*)
    - i. \$59,309.48- voted
    - ii. \$77,610.90- permissive

5 Student Instruction

6  
7 The School District has adopted the protocols outlined in this policy to ensure the delivery of  
8 education services to students onsite at the school, offsite at other locations using available  
9 resources. The District administration or designated personnel are authorized to implement this  
10 policy.

11  
12 As outlined in District Policy 2100, and except for students determined by the School District to  
13 be proficient using School District assessments, the adopted calendar has a minimum number of  
14 720 aggregate instructional hours for students in kindergarten through third grade; 1,080 hours  
15 for students in fourth through eleventh grade and 1,050 hours for students in twelfth grade.

16  
17 The School District may satisfy the aggregate number of hours through any combination of  
18 onsite, offsite, and online instruction. The District administration is directed to ensure that all  
19 students are offered access to the complete range of educational programs and services for the  
20 education program required by the accreditation standards adopted by the Montana Board of  
21 Public Education.

22  
23 For the purposes of this policy and the School District's calculation of ANB and "aggregate  
24 hours of instruction" within the meaning of that term in Montana law, the term "instruction"  
25 shall be construed as being synonymous with and in support of the broader goals of "learning"  
26 and full development of educational potential as set forth in Article X, section 1 of the Montana  
27 Constitution. Instruction includes innovative teaching strategies that focus on student  
28 engagement for the purposes of developing a students' interests, passions, and strengths. The  
29 term instruction shall include any directed, distributive, collaborative and/or experiential learning  
30 activity provided, supervised, guided, facilitated, work based, or coordinated by the teacher of  
31 record in a given course that is done purposely to achieve content proficiency and facilitate the  
32 learning of, acquisition of knowledge, skills and abilities by, and to otherwise fulfill the full  
33 educational potential of each child.

34  
35 Staff shall calculate the number of hours students have received instruction as defined in this  
36 policy through a combined calculation of services received onsite at the school or services  
37 provided or accessed at offsite or online instructional settings including, but not limited to, any  
38 combination of physical instructional packets, virtual or electronic based course meetings and  
39 assignments, self-directed or parent-assisted learning opportunities, and other educational efforts  
40 undertaken by the staff and students that can be given for grade or credit. Staff shall report  
41 completed hours of instruction as defined in this policy to the supervising teacher, building  
42 principal, or district administrator for final calculation.

43  
44 In order to comply with the requirements of the calendar, District Policy and Section 20-1-301,  
45 MCA, the District shall implement the instructional schedules and methods identified in this  
46 policy.

1  
2  
3  
4 Offsite Instruction  
5

6 The Board of Trustees authorizes offsite instruction of students in a manner that satisfies the  
7 aggregate number of instructional hours outlined in the School District's adopted or revised  
8 calendar for a school year affected by a public health emergency. Offsite delivery methods shall  
9 include a complete range of educational services offered by the School District and shall comply  
10 with the requirements of applicable statutes. Students completing course work through an offsite  
11 instructional setting shall be treated in and have their hours of instruction calculated in the same  
12 manner as students attending an onsite institutional setting.

13  
14 Offsite instruction is available to students:  
15

- 16 1. meeting the residency requirements for that district as provided in 1-1-215;
- 17 2. living in the district and eligible for educational services under the Individuals With  
18 Disabilities Education Act or under 29 U.S.C. 794; or
- 19 3. attending school in the district under a mandatory attendance agreement as provided in  
20 20-5-321;
- 21 4. attending school in the nearest district offering offsite instruction that agrees to enroll the  
22 student when the student's district of residence does not provide offsite instruction in an  
23 equivalent course in which the student is enrolled. A course is not equivalent if the course  
24 does not provide the same level of advantage on successful completion, including but not  
25 limited to dual credit, advanced placement, and career certification. Attendance under this  
26 provision is subject to approval of the Trustees.

27  
28 The Board of Trustees authorizes the supervising teacher or district administrator to permit  
29 students to utilize an offsite or online instructional setting at when circumstances require.  
30

31 Proficiency-Based Learning  
32

33 The Board of Trustees authorizes proficiency-based learning and ANB calculation in situations  
34 when a student demonstrates proficiency in a course area as determined by the Board of Trustees  
35 using District assessments consistent with District Policy 1005FE, or other measures approved  
36 by the Board of Trustees.  
37

38 The Board of Trustees waives the minimum number of instructional hours for students who  
39 demonstrate proficiency in a course area using district assessments that include, but are not  
40 limited to, the course or class teacher's determination of proficiency as defined by the Board of  
41 Trustees. This determination shall be based on a review of the student's completed coursework,  
42 participation in course delivery, and other methods applicable to the specific course or class. The  
43 Board of Trustees authorizes the use of the proficiency determination process for students who  
44 have selected this method of delivery, students for whom the School District is unable to  
45 document satisfaction of the required minimum aggregate number of hours through the offsite or  
46

1  
2  
3  
4 onsite methods outlined in this policy, or other students whom School District personnel  
5 determine satisfy the definition of proficient or meeting proficiency.  
6

7 This provision is based in the declaration by the Montana Legislature that any regulation  
8 discriminating against a student who has participated in proficiency-based learning is  
9 inconsistent with the Montana Constitution.

INSTRUCTION

School Emergencies and Closures

The Superintendent may order closure of schools in the event of extreme weather or other emergency, in compliance with established procedures for notifying parents, students, and staff.

**The Board of Trustees is authorized to declare that a state of emergency exists within the community. A declaration issued by the Board of Trustees is distinct from any declaration in effect or previously issued by local, state or federal authorities. An emergency declaration issued by the Board of Trustees authorizes the School District to take extraordinary measures to protect students and staff while delivering education services in a manner authorized by law. The method and location of instruction and related educational services shall be implemented in a manner that serves the needs of students, their families, and staff and preserves the School District's full entitlement of funding.**

The trustees may order the emergency closure of schools for one (1) school day each year, without the need to reschedule the lost pupil instruction time when the closure is the result of an emergency. **The 1-school-day closure under this subsection is not subject to the reduction in BASE aid pursuant to Section 20-9-805, MCA.**

**In the event of a declared emergency, the School District shall avail itself of all flexibilities allowed by law, rule, or regulation and shall be otherwise governed by the school finance laws and rules of the state of Montana. The School District shall comply with auditing requirements and reserves the authority to assert its rights to manage school district funds or seek state and federal funds in a manner consistent with the full flexibility available under all applicable laws.**

**If a declaration of emergency is declared by the Board of Trustees, it may later adopt a resolution that a reasonable effort has been made to reschedule the pupil-instruction time lost because of the unforeseen emergency. If the trustees adopt the resolution, the pupil-instruction time lost during the closure need not be rescheduled to meet the minimum requirement for aggregate hours that a school district must conduct during the school year in order to be entitled to full BASE aid. At least 75% of the pupil-instruction time lost due to the unforeseen emergency must have been made up before the trustees can declare that a reasonable effort has been made.**

**For the purposes of this and related policies, "reasonable effort" means the rescheduling or extension of the school district's instructional calendar to make up at least 75% of the hours of pupil instruction lost due to an unforeseen emergency through any combination of the following as outlined in accordance with Policies 2050 and 2100:**

- (a) extending the school year beyond the last scheduled day;**
- (b) the use of scheduled vacation days in the district's adopted school calendar**

1 (c) the conduct of pupil instruction on Saturdays;

## Entrance, Placement, and Transfer

### Entrance, Date, and Age

The trustees will enroll and admit a child when the child is 5 years of age or older on or before the tenth (10<sup>th</sup>) day of September of the school year in which the child is to enroll. Parents may request a waiver of the age requirement. All waivers are granted in the sole discretion of the Trustees. Non-resident students may be admitted at the discretion of the Trustees. Children will be enrolled in the grade identified in accordance with District policy or at the discretion of the of the administration in consultation with the student's parents or guardians. The District requires proof of identity and an immunization record for every child to be admitted to District schools. The trustees may at their discretion assign and admit a child to a school in the district who is under 6 years of age if there are exceptional circumstances that merit waiving the age provision.

### School Entrance

1. The District requires that a student's parents, legal guardian, or legal custodian present proof of identity of the child<sup>1</sup> to the school within forty (40) days of enrollment, as well as proof of residence in the District. Students who are not residents of the District may apply for admission pursuant to Policy 3141. Homeless students shall be admitted pursuant to state and federal law, and Policy 3125.
2. To be admitted to District schools, in accordance with the Montana Immunization Law, a child must have been immunized against varicella, diphtheria, pertussis, tetanus, poliomyelitis, rubella, mumps, and measles in the manner and with immunizing agents approved by the department. Immunizations may not be required if a child qualifies for conditional attendance or an exemption is filed as provided by Montana law.
3. The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by The Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The District shall work with the local child welfare agency, the school last attended, or other relevant agencies to obtain necessary enrollment documentation.

### Placement

The District goal is to place students at levels and in settings that will increase the probability of student success. Developmental testing, together with other relevant criteria, including but not limited to health, maturity, emotional stability, and developmental disabilities, may be considered in the placement of all students. Final disposition of all placement decisions rests with the principal, subject to review by the Superintendent or the Board.
