Audience Participation

The Board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. The Board also recognizes the statutory and constitutional rights of the public to participate in governmental operations. To allow fair and orderly expression of public comments, the Board will permit public participation through oral or written comments during the “public comment” section of the Board agenda and prior to a final decision on a matter of significant interest to the public. The Chairperson may control such comment to ensure an orderly progression of the meeting.

Individuals wishing to be heard by the Chairperson shall first be recognized by the Chairperson. Individuals, after identifying themselves, will proceed to make comments as briefly as the subject permits. The Chairperson may interrupt or terminate an individual’s statement when appropriate, including when statements are out of order, too lengthy, personally directed, abusive, obscene, or irrelevant. The Board as a whole shall have the final decision in determining the appropriateness of all such rulings. It is important for all participants to remember that Board meetings are held in public but are not public meetings. Members of the public shall be recognized and allowed input during the meeting, at the discretion of the Chairperson.

Discussion: Bond Election- draft language

District Clerk Carrie Fisher and Superintendent Keel presented information regarding the bond language as well as two different options for bond language. Mrs. Fisher explained that the two options presented were developed with the assistance of Dorsey & Whitney, LLC, the District's bond counsel. In an effort to engage in a conversation regarding any contingencies they might want to consider due to the extensive renovations of the 1914 building it was recommended to start reviewing the language early. She also explained that after reviewing both options with the Board that there are two more opportunities for the Board to receive community feedback and input regarding the wording prior to the wording being considered for approval at the January 20, 2021 regular meeting. She also noted that the language is expected to undergo revisions prior to approval by the Board based on community feedback and prioritization by the Building Committee.

Consent Agenda Item: MOA with the Gallatin Gateway Education Association

Recommendation: To approve the attached Memorandum of Agreement between Gallatin Gateway School and the Gallatin Gateway Education Association.

Rationale: The MOA is designed to be able to provide additional compensation to certified employees, without affecting the current CBA.

Consent Agenda Item: Monetary Hazard Bonus

To provide current employees of Gallatin Gateway School a monetary hazard bonus due to the 2020 COVID-19 Pandemic.

Recommendation: On December 18, 2020, all active employees of the Gallatin Gateway School will receive a hazard bonus in the amount of \$300, before payroll deductions.

Rationale: Employees of Gallatin Gateway committed themselves, during the COVID-19 Pandemic, to keeping Gallatin Gateway School open, full-time for students to receive face-to-face instruction. These efforts have placed each employee in a position that could be hazardous both emotionally and physically. This is a small acknowledgement for a large commitment to the students in Gallatin Gateway School. The hazard bonus is subject to applicable state and federal payroll deductions and is funded through the Governor's COVID-19 Relief Funds.

**MEMORANDUM OF AGREEMENT BETWEEN
GALLATIN GATEWAY SCHOOL DISTRICT
AND THE
GALLATIN GATEWAY EDUCATION ASSOCIATION**

The District and Association are entering into this Memorandum of Agreement (MOA), pursuant to which the parties agree as follows:

1. Term of Agreement: This MOA shall take effect immediately upon the signature of both parties below, and shall remain in effect until revoked by joint written agreement of the parties. Upon joint written revocation by the parties, this MOA shall be of no further force and effect.

2. Effect on CBA and Conditions of Employment: During the term of this MOA, this MOA modifies only those working conditions addressed herein. All provisions of the bargaining agreement not modified herein shall remain in full force and effect.

3. Compensation and Benefits: The District shall have the right, at its discretion, to provide a monetary bonus to all certified employees in an amount that is determined by the District. The monetary bonus amount is not related to any provision within the Certified Master Agreement and will be an equal amount for every certified teacher regardless of tenure, years of service, or any other provision within the Certified Master Agreement. This monetary bonus has no effect on the negotiated salary scale, and does not, in any way, provide a precedent for any past, present or future monetary bonus.

4. "Same Salary" Calculation: Any monetary bonus provided pursuant to this MOA shall not be included in any calculation of "same salary" for the purposes of teacher tenure entitlements under § 20-4-203, MCA. The parties agree that any such bonus will be a one time only increase to compensation, and that no teacher shall have the right to receive a like or similar bonus or increase in compensation in subsequent years.

5. State and Federal laws: All state and federal laws, rules and regulations shall apply unless specifically waived by the governing authority.

6. Precedent: This Agreement shall not be used as precedent or cited as practice by either the Board or the Association in any proceeding whatsoever except to enforce the terms of this Memorandum of Agreement.

THIS AGREEMENT is signed and dated this _____ day of _____ 2020.

SUPERINTENDENT REPORT

Safety

- COVID-19 Update attached
- Nurse is providing COVID-19 tests to students and staff
 - Individual must have at least 3 days of symptoms
 - Nurse administers test at the car
 - 15 minute turn around
- Quarantined 31 students and 1 staff member due to a student testing positive (using the Nurse's test)
- New CDC and Health Department timelines for Quarantine and Isolation
 - Quarantine for close contacts can end after Day 10 and if no symptoms have been reported during daily monitoring.
 - CDC guidelines do allow for close contact quarantines to end after 7 days if a person tests negative on Day 5 or later; however, GCCHD does not recommend this as testing resources are not sufficiently available to adopt this approach
- After release from quarantine, continue monitoring for symptoms through day 14.
- The recommendation for a 10 day isolation for cases of COVID-19 remains unchanged.
- Persons who have tested positive and are now symptom free will not be considered as a close contact for 3 months following the date of initial onset.

Agenda Item: Bond Election- draft language

Background for discussion:

The Board voted on November 30 to accept the Building Committee recommendation to move forward with a bond election and facility project. The planning starts now!

As part of the planning process the Board needs to start discussing the ballot language, priorities, and scope of the project. This language will help shape the bond campaign as well as the resolution calling for an election (January 20, 2020 meeting). The bond election isn't official until the Board adopts the resolution calling for the election.

Current anticipated timeline for key dates for the Bond Election:

- **December 14** regular meeting- Discuss and review draft bond language-- current language developed by bond council Dorsey & Whitney. Provided 2 different options for discussion.
- **January 7** building committee workshop- get feedback from community regarding project priorities ballot language
- **January 11** building committee meeting- recommendation from building committee regarding priorities and ballot language
- **January 20** regular meeting- discuss and decide on "final" ballot language and adopt resolution calling for the election- 2 resolutions (trustee/levy election & bond election).
- **April 1-** certify/finalize ballot (*likely earlier based on county deadline*)
- **April 15-19-** ballots are mailed to voters
- **May 4-** Election Day!

Discussion: Long-range facility strategic plan

This discussion is intended to get the Board's feedback and direction as to whether the Board would like to develop a long-range facility strategic plan in the coming months. If so, the Board should develop a timeline, scope and provide direction to the administrative team as to how they would like them to proceed.

Recommendation: For the Board to develop a long-range facility strategic plan to be completed and adopted by April 2021 (prior to Bond Election).

Suggested approach:

The Superintendent and District Clerk will develop a draft plan with the Board to review and discuss at future meeting(s) with the goal of final adoption by April 2021.

This plan would address such items as:

- Growth projections
- Thresholds for facility management/acquisition triggers (i.e. land acquisition, bond elections, building reserve levy elections, construction projects, etc)
- Maintenance schedules (i.e. roof, boilers, HVAC, etc.)
- Any other items the Board would like addressed in the plan

The Board would invite stakeholders to take part in the discussion and development of the facility strategic plan. Community involvement would occur during board meetings where the draft plan is discussed. These meetings/discussions will occur at regular and/or special meetings.
