 - 1,540 S.F. - Remodel
- TOTAL PROJECT COST - \$1,500,000
Includes: Construction - New
Remodel
Equipment
Playground

This project consists of a six classroom addition on the west end of the existing school. Also included in the new addition are administration spaces, library/computer area, boys and girls restrooms, mechanical room and circulation corridors. This addition is a wood framed structure. Exterior finishes include a 4" brick veneer and wood siding.

A locker room addition was also added directly south of the existing school gymnasium. Remodeling of two existing classrooms was done to accommodate the new addition which includes new shower and toilet facilities for both boys and girls.

The building additions to the Gallatin Gateway School have been designed in accordance with the 1997 editions of the Uniform Building Code, Uniform Fire Code, Uniform Mechanical Code, National Electrical Code, ANSI A117.1-1992 (Accessible and Usable Buildings and Facilities), and the Americans With Disabilities Act Accessibility Guidelines.
